

SEDAR® Subscriber Update

October 7, 2013

Code Update (Version 008.023.001)

A SEDAR code update is scheduled for Tuesday, October 15, 2013.

You are encouraged to obtain the code update as soon as possible on or after October 15, 2013 by following these procedures:

1. Start the SEDAR program;
2. Select File menu; and
3. From the File menu, select Receive items from SEDAR server.

This method will help make sure that the application is updated and ready for your use before you actually have to perform any business functions.

This code update will bring the SEDAR client application up to Version 008.023.001.

Once the code update has been downloaded, close the SEDAR program and follow the instructions below to execute the code update:

1. Click the Start button located at the bottom left corner of the screen;
2. Select Programs; and
3. From the Program menu, select SEDAR and then select Code Update.

TMP Filings

As SEDAR will be unavailable for submissions due to the statutory holiday on Thanksgiving Monday, October 14, 2013, filers are encouraged to submit any required disclosure filings on or before October 11 to avoid losing any temporary filings (TMP) that will be deleted on October 15, 2013 with the implementation of the code update.

Summary of Code Update Changes

The code update implements the requirements of Multilateral Instrument 13-102 *System Fees for SEDAR and NRD*, and similar regulations adopted in Alberta, Manitoba, Saskatchewan and Québec, which set out the system fees payable in connection with SEDAR and the National Registration Database (NRD)
