

SEDAR® Subscriber Update

July 3, 2007

SEDAR Release 8.5.2- MQ Series Middleware version 6

CDS INC. wishes to inform subscribers of an upcoming change to the middleware software used by the SEDAR application. The middleware software will be upgraded from MQ Series version 5 to MQ Series version 6. The middleware software allows messages to pass from the local client to the SEDAR server.

A SEDAR code update is scheduled for July 9, 2007. Filers will have the option to download the MQ Series at this time or continue to use their existing version of the MQ Series software (version 5) until September 14, 2007. After the September deadline filers are required to retrieve the updated MQ Series software in order to use the SEDAR application.

Once the code update has been retrieved, and upon accessing SEDAR, subscribers will be provided with a link to download the MQ Series software update (version 6) directly at that time.

NOTE: You **must** have local administrator rights to download this upgrade. Please forward this Subscriber Update to your technical staff for their information.

The MQ software file is approximately 35 MB; if your company firewall prohibits downloading a file of this size or you would prefer to download this file from a CD, please contact the CDS INC. Help Desk at 1-800-219-5381.

Code Update (Version 008.005.002)

A SEDAR code update is scheduled for Monday, July 9, 2007.

You are encouraged to obtain the code update as soon as possible on or after July 9, 2007 by following these procedures:

1. Start the SEDAR program;
2. Select File menu; and
3. From the File menu, select Receive items from SEDAR server.

This method will help make sure that the application is updated and ready for your use before you actually have to perform any business functions.

This code update will bring the SEDAR client application up to Version 008.005.002.

Once the code update has been downloaded, close the SEDAR program and follow the instructions below to execute the code update:

1. Click the Start button located at the bottom left corner of the screen;
2. Select Programs; and
3. From the Program menu, select SEDAR and then select Code Update.

For more information, please contact your local SEDAR Customer Service Representative or the CDS INC. Help Desk at 1-800-219-5381.
