

SEDAR® Subscriber Update

February 15, 2007

Code Update (Version 008.004.000)

A SEDAR code update is scheduled for Monday, February 19, 2007.

You are encouraged to obtain the code update as soon as possible on or after February 19, 2007 by following these procedures:

1. Start the SEDAR program;
2. Select File menu; and
3. From the File menu, select Receive items from SEDAR server.

This method will help make sure that the application is updated and ready for your use before you actually have to perform any business functions.

This code update will bring the SEDAR client application up to Version 008.004.000.

Once the code update has been downloaded, close the SEDAR program and follow the instructions below to execute the code update:

1. Click the Start button located at the bottom left corner of the screen;
2. Select Programs; and
3. From the Program menu, select SEDAR and then select Code Update.

Summary of Code Update Changes

1. New filing types

The following filing type has been added to the Other Issuers / Exemptions and Other Applications / General folder:
